How does the School treat sensitive information?

In referring to ‘sensitive information’, the School means: information relating to a person’s racial or ethnic origin, political opinions, religion, trade union or other professional or trade association membership, sexual preferences or criminal record, that is also personal information; and health information about an individual.

Sensitive information will be used and disclosed only for the purpose for which it was provided or a directly related secondary purpose, unless you agree otherwise, or the use or disclosure of the sensitive information is allowed by law.

Management and security of personal information

The School’s staff are required to respect the confidentiality of students’ and parents’ information and the privacy of individuals.

The School has in place steps to protect the personal information the School holds from misuse, loss, unauthorised access, modification or disclosure by use of various methods including secure storage of paper records and pass-worded access rights to computerised records.

Updating personal information

The School endeavours to ensure that the personal information it holds is accurate, complete and up-to-date. A person may seek to update their personal information held by the School by contacting the School office.

The National Privacy Principles require the School not to store personal information longer than necessary.

You have the right to check what personal information the School holds about you.

Under the Commonwealth Privacy Act, an individual has the right to obtain access to any personal information which the School holds about them and to advise the School of any perceived inaccuracy. There are some exceptions to this right set out in the Act. Students will generally have access to their personal information through their parents, but older students may seek access themselves.

To make a request to access any information the School holds about you or your child, please contact the Principal in writing.

The School may require you to verify your identity and specify what information you require. The School may charge a fee to cover the cost of verifying your application and locating, retrieving, reviewing and copying any material requested. If the information sought is extensive, the School will advise the likely cost in advance.

Consent and rights of access to the personal information of students

The School respects every parent's right to make decisions concerning their child's education.

Generally, the School will refer any requests for consent and notices in relation to the personal information of a student to the student's parents. The School will treat consent given by parents as consent given on behalf of the student, and notice to parents will act as notice given to the student.

Parents may seek access to personal information held by the School about them or their child by contacting the Principal. However, there will be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the School's duty of care to the student.

The School may, as its discretion, on the request of a student grant that student access to information held by the School about them, or allow a student to give or withhold consent to the use of their personal information, independently of their parents. This would normally be done only when the maturity of the student and/or the student's personal circumstances so warranted.
