Expedition: Adelaide Hills Mountain Bike Trip

A mountain-biking trip has been planned as part of the Duke of Edinburgh Award Scheme. The expedition will be conducted in the Adelaide Hills areas of Craighburn Farm trails and Kuitpo Forest trails and O'Halloran Hill trails. All venues have routes that include a mixture of fire access tracks, forest trails and single trails. The trip is designed to develop your mountain bike skills and increase your understanding of the biking opportunities available in the Adelaide Hills. We cater for all types of cycling experience, matching your ability to the group and trails you ride. Students can provide their own suitable bikes (need working front suspension and working brakes) or bike hire costs are listed below.

The trip will be conducted by Mr Rob McLean, Brodie Eckert and other instructors. At each venue each group will be cycling with emergency/repair kits and radio communications to facilitate any break down or injury. Instructors will aid in venue orientation, introducing students to appropriate trails. It is expected that students conduct themselves in a self-reliant manner by carrying the necessary day equipment in their small backpacks (whilst on the trails). If conditions and abilities permit, students may navigate some of the trails in small groups without direct instructor supervision. Instructors will monitor the groups through the use of check points and will camp with the students overnight. Students will camp in tents and have use of facilities at Woodcutters Hut, Kuitpo Forest.

Personal Equipment

Clothing

For 3 days riding you need only one set of riding clothes and one spare change (For longer or colder conditions another set should be included).

- 2 shirts, one light, the other warmer. Preferably long sleeved for better sun protection. (Westventure shirt is great).
- PADDED BIKE SHORTS MAKE FOR A MORE COMFORTABLE WEEKEND**
- 1 pair of long trousers or shorts, track suit pants are ok. (Try to avoid jeans, being inflexible and taking too long to dry out if they get wet).
- Walking shoes – sturdy track shoes are fine, although they will get knocked around a little. Don't buy walking boots just for this trip and make sure anything you wear is **WELL WORN IN!**
- Underwear
- Old woollen jumper. Please avoid synthetic fabric jumpers, as they will not keep you warm when they are wet.
- 2 pairs of thick walking socks. ('Explorer' socks can be purchased from Coles for around \$7 and are ideal).
- Broad-brimmed sunhat, one that covers the ears and back of neck (not a baseball-style hat if possible)
- Warm wear, such as a beanie, thermal and gloves for the cold nights
- Shorts for riding
- Rain jacket
